

MD. MARUF HASAN CHOWDHURY

Address: kuratoli, Kuril bisshoroad, Dhaka

Phone:01704712465 or 01829418224

Email: marufhasan Chowdhury06@gmail.com

Career objective

Motivated Computer Science student aiming to become a skilled Software Engineer. Looking for opportunities to work in a dynamic environment where I can apply my coding skills and gain international exposure in the tech industry.

Education

Bachelor of Science in Computer Science & Engineering

American International University of Bangladesh-(AIUB), Dhaka

CGPA: 3.58 out of 4

10th Semester

Higher secondary Certificate (HSC)

Scholastica model college, Narsingdi

GPA: 4.58 out of 5

Year of completion:2021

Secondary School Certificate (SSC)

Ramgoti B, B, K Pilot Model High School

GPA: 4.39 out of 5

Year of completion:2019

Skills

Programming Languages: C++, Java, C#, python, Html, CSS, JavaScript, php

Database: SQL, Microsoft SQL Server

Data Structures & Algorithms: Linked List, Stack, Queue, Recursion, Graph, Dynamic Programming, Sorting & Searching Algorithms

Tools & IDEs: CodeBlocks, Microsoft Visual Studio, visual studio code , Notepad++, AutoCAD, Google colab, Cisco packet tracer

Operating Systems: Windows, Linux

Soft Skills: Teamwork, Problem-Solving, Communication

Server: XAMPP

Projects

Project Title: **Pharmacy Management System**-(GitHub Link- <https://surl.li/kxuiqb>)

- Programming language- C# and Microsoft SQL Server
- 3type user-Admin, cashier, customer and after registration account cashier customer then waiting for admin approval. Admin can add users, add categories, add product, all transaction

Project Title: **Restaurant Management System**

- Java-Based GUI Project using Java Swing for desktop application development.

Project Title: **Restaurant Management System**

- Only Oracle SQL database base project

Project Title: **Affordable Car and Motor Bike Subscription**-(GitHub Link- <https://surl.li/lldtcl>)

- Led the team using Agile (Scrum) to ensure smooth and timely project delivery.
- Developed a complete software documentation project following real-world SDLC practices.
- Managed team coordination, blocker resolution, and feature validation (e.g., GPS tracking, driver verification).

Project Title: **University management system**-(GitHub Link- <https://surli.cc/qkbygs>)

- Built a multi-user web application (Student, Teacher, Admin) for managing academic activities and user information — my part focused on the Student User module.
- Used HTML, CSS, PHP, JavaScript, and MySQL for full-stack web development.
- Implemented course registration, grade view, view course, borrow library book, submit assignment etc. and PHP validation with database connectivity.

Project Title: **Bombings on Israel** - (GitHub Link- <https://surl.li/ekmwew>)

- It is implemented by C++ (GLUT) programming language. It is a computer graphics project.
- Details: Plane take-off, Plane in the air, Dropping bomb, Explosion, Plane landing.

Extracurriculum activities and Achievement & Certificate

- I Got this certificate For Excellent Performance in the "SCIENCE POSTER CONTEST-FALL 2022-2023 AS A FRESHMAN "- <https://surl.li/bdrlxm>
- I Got this Certificate For Excellent Performance in the "SCIENCE POSTER CONTEST- SPRING 2022-23"- <https://surl.li/hhipqw>
- I Got this Certificate for Completing the IT Essentials course as part of the Cisco Networking Academy® program- <https://surl.li/yuxcyj>
